

# **Spark Industries PLC**

## **Interim Results**

### **Half Year Ended 30 June 2024**

Spark Industries PLC (“the Group”) reports solid operational and financial performance for the first half of 2024, reflecting continued demand across Intelligent Automation and Advanced Materials, alongside disciplined cost management and strong cash generation.

## Financial Highlights

Metric	H1 2024	H1 2023
Revenue	£1,420m	£1,310m
Adjusted EBITDA	£286m	£258m
EBITDA Margin	20.1%	19.7%
Operating Profit	£214m	£192m
Free Cash Flow	£168m	£151m
Net Debt	£620m	£645m

## Strategic Update

The Group continued to invest selectively in high-growth segments, particularly automation software platforms and lightweight composite materials. Order intake remained robust, supported by strong customer demand in energy transition, manufacturing efficiency, and infrastructure modernisation.

## Outlook

For the remainder of 2024, Spark Industries PLC expects continued revenue growth, supported by a strong order backlog and ongoing operational efficiencies. The Board remains confident in the Group's medium-term strategy and financial targets.

## Forward-Looking Statements

This document contains forward-looking statements that involve risks and uncertainties. Actual results may differ materially from those expressed or implied due to a range of factors including market conditions and regulatory developments.
